### SHOES

#### STYLE

The striking style of "Dorothy Dodd" shoes is the first thing that impresses you. But not less pleasing are the ease and comfort for which they have long been noted. None genuine without the trade mark. It is stamped on the sole and sewn in the lining. The intelligent consumer recognizes it as her safeguard against substitution and bogus quality. Priced at \$3.50 and \$4.00.

If we can't make that watch of yours go

You may just as well give it to the baby to play with. It's days of service are surely ended—and it is a question with you now of buying a new one.

You ought to come here for a new watch for the same reason that prompts you to bring us your repairing jobs—because we are in a position to give you the highest grade of satisfaction.

As we said, we can get all the service out of a watch that there is in it, down to the last tick, if you will let us look at it occasionally.

And as for new watches—well just take a few minutes some day to look over what we have. That's all we ask.

## BECKHAM LEADS IN KENTUCKY

(By Associated Press.)

LOUISVILLE, Ky., Nov. 7.—

The race in the Democratic primary for United States senator between Senator McCreary and Governor Beckham was so close that a recount may be necessary. Incomplete returns this morning show Governor Beckham leading by about 2,000 votes. No returns were received from 15 counties in the mountains, but they are expected to increase rather than diminish the Beckham lead.

The Evening Post claims Beckham's election by 4,000, while Beckham's managers claim their candidate won by not less than 3,500. Sam. W. Hager appears to have a safe majority for the nomination for governor. McCreary carried Louisville by 7,287. The election for congressman from the tenth district is still in doubt and a dispatch from Covington says the election of Congressman Rhinock in the sixth is not yet assured.

## TRACTION LINE ABOUT DONE

SHINNSTON, Nov. 7.—Rapid progress is being made by the Fairmont & Clarksburg Traction Company on its line between Fairmont and Clarksburg. By the last of next week the bridges and grading on the line will be finished. The company hopes to have cars running to Clarksburg by the first of January. This is much sooner than was expected as it was thought it would be the middle of February before cars would be running from one city to the other.

The traction company has been giving excellent service to Shinnston since the completion of the line to this place and the line has been liberally patronized. Cars arrive and depart every 15 minutes and few runs are made but what a number of passengers are aboard.

Shinnston will welcome the completion of this line. Many a landowner would be willing to divide his farm to have the trolley running by his door. The farther into the suburbs the trolley line extends, that much nearer is his property brought to the city. The value of his land becomes higher and his own personal comforts are increased. It is perhaps difficult to realize it at first thought, but if you should ask farmers in those states where there is a perfect network of trolley lines, how they would like to be deprived of the trolley, they would hear them say that they would not give up the conveniences which they derive from them for any price. It will not require many years for the farmers of this county to look at it in the same light.
